Re: Duke Energy Carolinas, LLC Annual Review of Base Rates for Fuel Costs
Docket No. 2019-3-E

Dear Ms. Boyd:

Pursuant to Order No. 2019-691, Duke Energy Carolinas, LLC (the "Company") notifies the Commission that DEC's Adjustments for Fuel, Variable Environmental, Avoided Capacity Costs and Distributed Energy Resource Program Costs, Leaf 50C, 2019 Renewable Net Metering Rider RNM Tariff, and all other retail tariffs have been filed electronically in the Commission's e-tariff system.

Included with this letter is the Company's Reconciliation of Tariff Changes that shows for each impacted tariff: (1) current rates and charges, (2) applicable adjustment approved by the Commission, (3) gross receipts and other revenue taxes, and, (4) the compliance rates and charges after including the adjustments.

The Office of Regulatory Staff reviewed the tariffs and reconciliation report prior to this submission. Please let us know if you have any questions regarding this filing.

Kind regards,

Sam Wellborn
